FROM THE DIRECTOR

In this second issue of our newsletter from the Hatch Library to the Bay Path community, we focus on the season of summer, highlighting new titles in our leased collection of “Popular Books” (all published in 2009 and current best sellers) and some of our “Staff Picks” for your beach reading, along with some of the new popular DVDs we recently added to our collection for your vacation time enjoyment.

But knowing that we still have a One-Day session in progress and that our graduate and online students are always looking to us for academic support, we’ve also included some tips on finding more information in our online catalog and in one of our most powerful electronic databases.

My staff and I hope you all get a chance for some rest and relaxation this summer, and as always, we welcome your feedback, questions, and comments.

-Mike Moran

POPULAR DVDs

As the result of a suggestion from our suggestion box, we purchased over 100 new and classic DVDs to add to our collection. Although some of your favorite titles may still be in process, chances are good that we have them here in the library already.

But don’t take any chances! If you have a title you want to make sure we own, put it in our suggestion box. We love it when people use our suggestion box!
As of July 1, we will no longer be providing access to ABI/INFORM Global. In its place, we have purchased access to EBSCO’s Business Source Premier. One of the big advantages of a BSP subscription is full-text access to the Harvard Business Review dating back to its first issue in 1922!

Check out all our databases including:

Westlaw Campus Research - Coming soon!

**WHAT’S NEW IN NEW BOOKS?**

Have you checked out the new books link in our online catalog? Titles are updated monthly and new titles can be easily searched by clicking on one of the subject headings on the right-hand side of the results page. Here is the url to go to the new books list directly: [http://library.baypath.edu/uh/ cgisirsi/x/SIRSI/0/28/473/X](http://library.baypath.edu/uhctbin/cgisirsi/x/SIRSI/0/28/473/X).

And here is an example of what you will see:
STAFF PICKS

Due to another suggestion placed in our suggestion box, we have setup a staff picks area on the main floor of the library. Library staff have picked out their favorite titles, both old and new, and written a blurb about why they love the book. Who says print is dead? Check out these titles for a great read, anytime!

NEW POPULAR BOOKS
